CONTENTS

Epistatic and other genetic variances in green gram varieties.

P. R. Godhani, B. G. Jaisani and G. J. Patel 1

Effect of different cutting intervals on yield and chemical composition of napier bajra hybrid (NB-21) fodder.

B. H. Patel, L. P. Purohit, B. M. Patel, H. B. Desai and P. C. Shukla 7

Response of high-yielding varieties of paddy to fertility levels and sources of NPK.

T. N. Barevadia, J. K. Patel, N. K. Patel and R. S. Patel 11

Response of three varieties of potato to different fertility levels on yield and grade of tubers.

T. N. Barevadia, J. K. Patel, R. S. Patel and D. P. Patel 17

Effect of pre-seeding treatments with certain chemicals including plant growth regulators on growth and development of hybrid Bajra 115 (*Pennisetum typhoides S&H*)

G. S. R. Murti and C. B. Shah 22

Varietal susceptibility of sesamum (*Sesamum indicum* L.) to leaf curl disease.

S. M. Jani and R. K. Bharodia 28

Status of shoot fly *Atherigona approximata* Malloch as a pest of bajra (*Pennisetum typhoides*) crop in Gujarat State.

G. M. Talati and V. R. Upadhyay 30
