Gujarat Agricultural University Research Journal

January, 1992
Vol. 17 (2)

CONTENTS

Response of mustard to N, P and K under irrigated conditions on farmers' fields in Mehsana district of Gujarat.

N. P. Patel, G. N. Karelia, S. M. Upadhyay, D. M. Patel and P. P. Vihol 1

Probability study of rainfall for Bhal and coastal agro-climatic zone.

G. L. Maliwal and H. N. Chhatrola 4

Influence of irrigation phosphorus and row spacing on yield and harvest index of pea*.

R. P. Yadav, D. V. S. Chauhan and R. L. Rajput ... 14

Response of forage oats to sowing dates and cutting management on grain production.

P. C. Patel, J. R. Patel, B. G. Patel and A. C. Sadhu 18

Evaluation of diagnostic techniques for appraising salinity of *Bhal-nal* soils of Gujarat using various dilute aqueous extracts.

Z. N. Patel and J. C. Patel 26

Availability of native soil phosphorus in black soils of South Gujarat.

S. G. Savalia and M. L. Patel 31

Hydraulic properties of loamy sand soil of agrustalf.

C. L. Patel, S. B. Patel and B. K. Patel 37
